FURTHER EXAMINATION
Dr. Safford decided that Fall
could undergo thirty minutes more
of examination tonight and the defense counsel continued their examination regarding the early leasing of oil lands as provided by the
1820 law. This trend is expected to
show that leasing of oil lands to
individuals was inaugurated before
Fall became Secretary of the Interior and before that department
had charge of the naval lands.
Pomerens said that he finds Fall
in better physical condition than he
expected and that the former Secrelary appears to be standing up
well under the questioning. Fall
slept from shortly after 5 o'clock

to see whether he was able to withstand the night session. When the

(P)—Warning that ice cream to be marketed under that name must not be made with skimmed milk was issued to-day by the dairy division of the State Department of Agriculture. Some frozen desserts made with milk contain only 2.4 per cent of butter fat against 10 per cent of butter fat in ice cream, officials of the department declared. Under an amendment to the general dairy law imitations must be properly labeled.

California consumed 12,097,-126 gallons of ice cream in 1937, compared with a consumption of 215,248,000 gallons in the entire nation. This meant that Californians on an average ate 2.69 gallons cach in 1937 compared to 1.8 gallons consumed by residents of other States.

Initial Junior Olympic Games Competition Scheduled Today FIRST PROGRAM

Boys to Clash on Downey

Henderson Announces Meets for Vacation Week

National Champion Planning Exhibition Tour

First actual competition within the city for the Junior Olympic Games will be held today when the boys of the northeast district of the YM.C.A. Christian citizenship program meet at 4 o'clock at the Downey playground. This meet will be followed tomorrow, by two more meets involving boys of other districts of the same organization, and then things start full blast with the announcement by John C. Henderson, supervisor of playground and recreation center activities, that the playgrounds will take advantage of next week's vacation to run off all the Los Angeles city playground championshipship meets.

Junior Olympic meets are to be held at every city playground except Barnsdall and Fort McArthur playgrounds, which are not equipped for this kind of competition. Young athletes entered in the Olympics will vie with each other for honors in meets held on Monday. Tuesday, Wednesday and Thursday, with perhaps one or two extra ones on Saturday.

These meets are to be the finals for each playground determining the champions who will compete in the big all-playgrounds meet which is tentatively scheduled for later in April. First-place winners, with the highest total scores, will be awarded brome medals, an award going to the highest scoring junior and the highest scoring senior of each playground. These two winners will represent their playground departs.

In addition to the two first-place winners, the misyground departs First actual competition within the city for the Junior Olympic

er in the final meet later in the month.

As a special feature of the play-grounds competition Tony Balasso, the Southern California boy who holds the senior national championship in the Junior Olympics, will come up from San Diego to give exhibitions at several of the meets. Tony's coefficient is \$30 and his record score is 591. He will show the other entries in the Olympics what just a plain boy can do in the way of developing himself into a championship athlete. Tony's own story of how he trained for the Junior Olympics of 1927 and won them will appear every day in The Times, beginning Sunday.

A rush order for 1800 additional entry blanks for Santa Barbara cemmittee who reports that Calvin MacCray, scout exceutive and vice-chairman of the committee, has run short of the decuments. Uplifters in Polo Battle

Snowy Baker's Uplifter poloists will make a second attempt to overthrow the fast riding Los Mochis Tigers from Sonora, Mex., Sunday afternoon when the two teams clash on the new Uplifters' poloingeld at Rustic Canyon, Santa Monica. The Uplifters met the Los Mochis Tigers recently at the Midwick Country Club and were beaten by the Mexican team after a bitter struggle. Since that time Baker's riders have improved in every department of the game and they expect to reverse the order of things Sunday.

The Los Mochis Tigers on the other hand are also stronger than when they played the Uplifters at Midwick, They will have Arden Roark, brother of the famous English polo ace, Maj. Roark, in the maddle at No. 3, and Dick Upton of Arisons at back. This change makes the Tigers a very formidable outfit. Baker will have Bob Millisap at No. 1, himself at No. 2, P. L. Puckett at No. 3 and E. B. Brunson at back. The public is invited to the game.

PINEHURST (N. C.) March 28.

(F)—Bobby Cruickshank started off with a rush today in defense of his north and south open golf title, turning in a 35-34-69 to lead the field for the first eighteen-hole round.

His three under par for the course was two strokes better than Tom Armour, national open champion; Al Espinosa, Chicago; Bill Mehlhorn, Pittsburgh, and Alex (Bandy) Armour, Washington, who followed him with a 71.

ONTARIO, March 29.—Contin

ONTARIO, March 29.—Continuing their winning of practice meets with schools thought to be much stronger, the Chaffey Junior College tennis squad gave the La Verne College Leopards a 7-to-0 defeat here yesterday afternoon.

During the practice season, the local racketers have defeated U.S.C. dental college twice, as well as Fullerton, Citrus and Pasadena Jaysees The last-named was doped to win the conference this year, but was easy meat for the Panthers.

Yesterday's results:

Fum (C) defeated Funk L.V.) 11-8, 8-6, 16-1, 6-1, 6-1, 6-6, 8-2.

Lehman (C.) defeated R. Punk (L.V.)

6, 6-6, 6-2,
Highland (C.) defeated Woodward (L.V.)

2, 6-3,
Lorber (C.) defeated Calvert (L.V.) 6-4, Flum and Walker (C.) defeated Calvert and Kindy (L.V.) 8-2, 8-1.

OLYMPIC LINES UP TWO GOOD MATCHES

Two first-class matches were practically completed by Matchmaker Hayden Wadhams of the Olympic yesterday. One will bring together Mushy Callahan, the junior welter champion, and Billy Petrolle in an over-the-weight fight April 17, and the other will see Tod Morgan, the junior lightweight title-holder, pitted against a likely challenger April 24.

Petrolle fought out here about two years ago and is campaigned by Jack Hurley under the nickname of the "Fargo Express." Callahan knocked out Russie LeRoy, stablemate of Petrolle, on the same

Farr and Blitman Clash at Legion Tonight

Philadelphia Boxer to Get Acid Test Here

Winner May be Matched With Sangor or Shea

Willie Greb and Cottrell in Semi-Wind-up

Johnny Farr and Harry Blitman, two featherweights who have a right to challenge Tony Canada

Interest in the Biliman-Farr fight isn't confined to this city. Eastern boxing men are watching the outcome because there is a possibility of the winner meeting Joey Sangor or Eddie Shea, a couple of fellows who have already hurled challenges at Tony Canzoneri, the champion. It was Benny Bass, a Philadelphia boy, that Canzoneri beat for

lenges at Tony Canaoneri, the champion. It was Benny Bass, a Philadelphia boy, that Cansoneri beat for the title. Bilitman would like to get a crack at Cansoneri and he is working up to that point.

Local fight fans know all about Johnny Farr. He has had several bouts in this city and in every one he looked good. Farr is a tough, rugged lad, who is ring-wise and unless Bilitman keeps moving around he will find the going a bit rough.

Max (Boo Boo) Hoff has his fighter keyed up for a great fight. The boy has been trained well and he knows just the kind of a fighter he is meeting and what it will take to win. The Hoff stable thinks that Bilitman will win the decision.

Over the six-round route Jimmy Cottrell is favorite to beat Wille Greb in the semi-wind-up. Cottrell has fought main events at Hollywood and has been a great fighter for six rounds. Jackie Mandell will probably prove too fast for Red Breen in the special event. The four-rounders are exceptionally good.

Voshell Takes

shell, owned by R. Z. Jenkins, won today's feature race over the club-house course. Ridden by Jockey Robert Jones, Voshell came fast through the stretch and scored handily. Second, and beaten by a length, was Sanabar, carrying the Dutton and Barnes silks. Rallim was third.

Jones kept Voshell under restraint until rounding the curve for home, the English bred gelding responding gamely to Jones's hard riding. Packing 114 pounds Voshell galloped the distance in Im. 35 4-5s.

Wood Face accounted for her sixth purse of the meeting for C. B. Irwin by winning the first race this afternoon. The 2-year-old has faced the barrier nineteen times since January 1, which ought to constitute a record of some sort.

Besilts at we heard.

Stanford will also grab first in the high jump with Bob King and may take first in the bob king and may take first in the broad jump, where Kim Dyer and Fred Zombro are slated to fight it out with Jess Hill of the Trojans. All three are 24ft. jumpers.

All of which doesn't leave Southern California much in the way of the Williams will probably have trouble beating Ward Edmonds of Stanford for second. Both do 13ft. 6in.

On the track the Trojan outlook is more roay. Cromwell expects first in both sprints with Charley since January 1, which ought to constitute a record of some sort.

Besulter:

NATIONAL NET TITLE FINALS TOMORROW

NEW YORK, March 29. (P)—William C. Wright of Philadelphia and Hewett Morgan of New York will meet Saturday in the finals of the national court tennis singles championship.

In the semifinals match, played today at the Racquet and Tennis Club, Morgan took a hard-fought, five-set match from another New Yorker, John W. Appel. The scores were 2-6, 6-2, 4-6, 6-2, 6-3.

Wright, a young player who was selected by Jay Gould, holder of the title for twenty years as doubles partner, had an easier time winning from William N. Adee of Tuxedo, N. Y., in straight sets, 6-1, 6-4, 6-3.

Bucs Lose Early Margin Last Two Innings

NE point on which we've heard a lot of arguments this week is the comparative strength of the Stanford team of last year and the aggregation of trained seals performing for Dink Templeton this year. There can't be a whole lot of difference for the obvious reason that most of the performers are the saine. These may be considered to have improved in the natural course of human events so that it can be argued reasonably that those of Dink's team who are hangovers from last year are better men this year than they were list year.

MLL RENRY

This brings us around to the men he lost and the replacements. In the sprints last year he had Eichman. This year he had Eichman. This year he has Lauritsen and any person who saw both boys perform will testify that the 1928 sprint model is a big improvement over the 1927 model. In the quarter Morrison is undoubtedly as good a man as Larry Babcock. Babcock wasn't as good last year as he was the year before. Morrison will gallop right around fifty flat. In the half Stanford is weak but McKinnon was the best man last year and he's back again.

McKinnon looks better in the mile this year than he did last year and in the two-mile Coe is a big improvement over Ranney and Swain. West and Nichols are hurdling as well as ever. In the weights Hoffman is missing but Krens looks better than Biff ever did. King and Edmunds in the high jump and pole are better than a year ago and in the bread jumpwhile Meeks is gone there are still two twenty-four-foot jumpers answering the roll. Josehin is missing in the lavelin but Sparting is throwing as far as Joschin ever did.

As far as we are personally concerned our guess is that Dink has a better team than he had a year ago. Crowwell, on the other hand, hash't as well balanced an outifit as he had in 1927. However Crowwell has a lot of hustling young men who will ping up quite a lot of the missing mmbers on the score sheet by their ability to grab off second and third places. Those who know much about track will admit that if you get most of the seconds and thrist it doesn't take many firsts to win. All Dean needs is a few weight throwers and he'd have a great team.

(Continued from First Page)

is more rosy. Cromwell expects firsts in both sprints with Charley Borah, in the low hurdles with L Jimmy Payne, in the 880 with Ed Cloege and possibly the relay—that it if the outcome of the meet hings on this final event.

Stanford's potential first-place winners on the track are Capt. Bud Spencer in the 440, Alex McKin-non in the mile, Henry Coc in the high hurdles. The hurdles are the conje event the Cards are not sure of winning. Mishaps happen so easily in the sticks and Jimmy Payne is liable to cut under 15 flat, so Nichols can't count his race as we until it's all over.

The Cards expect Johnny Lauritsen to cut Weldon Drager out of second in either the 180 cr 229. Should this happen it is hard to see how Southers Californis can win under any circumstances. The Trojans need those 16 points in the sprints to begin to offset the 27 which Stanford picks up in the weights. Cromwell is grooming a chap named Lashley for use in the 10 cor 220 or both and it may be that he can beat Lauritsen if Draper can't.

If it comes down to the relay—that the Trojans have a fighting the contains and the see how Southers Californis can win under any circumstances. The Trojans sprints to begin to offset the 27 which Stanford picks up in the weights. Cromwell is grooming a chap named Lashley for use in the 10 cor 220 or both and it may be that he can beat Lauritsen if Draper can't.

If it comes down to the relay—that the trojans have a fighting the contains as his cor in the high pump. This doesn't hurt Troy's chances as much as its cems, because copynoids had been doped for no better than as third in the high, If he doesn't that the proof of the first with only one leaper to two for Stanford.

acrifices for a perfect day at the plate, and Adam Comorosky stapped a home run into the bleachers, with the rest of the Pirates' eleven hits divided among the other athletes.

Guy Bush, who hursed the first seven innings against the Bucs, was unsteady, and yielded nine bingles and five runs to the boys from the Smokey City. Phil Weinert finished the hurling task for the Cubs and blanked the Pirates in impressive fashion, although they got to him for a couple of hits. It's hard to see how McCarthy figures to shunt Weinert back to the Missions, for he certainly has plenty of stuff out on the mound, and, most of all, he has control, which is a rare thing among southpaws.

Yesterday's game disclosed that the Cub pitchers are much farther along in their cendition than the Pirate hurlers, which is a boost for Southern Californis as a training spot. Kremer began to tire in the fourth inning, while Grimss didn't show anything like midsesson form. Those six days of rain up in San Francisco set the Bucs back quite a way in their conditioning process.

to third, from where Lloyd scored on his brother's sacrifice fly to Wilson.

Comorosky, who has custed "Pooch" Barnhart from the regular left-field job, increased the Pirates' margin to fear-to-nothing in the fourth when he punched one of Bush's fast ones into the bleachers.

Kremer came up with a wild streak to start the Chicago fourth and the Cubs took advantage of his loose moments to get back in the ball game. McMillan walked on four straight wide ones for a starter and "Kiki" Cuyler followed with a double to right center. Kremer worked carefully on Wilson but, with the count two and two.

CUBS TIE UP CONTEST

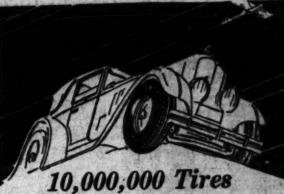

on Tap Tonight

Los Angeles Young Men's Christian Association boxers and wrestlers jump into the sporting spotlight tonight when the downtown branch of the "Y" stages its annual boxing and wrestlings show at YMCA auditorium on South Hope street. Both the boxing and wrestling contests will draw the leading amateur performers in the city for the bouts tonight. Harry E. Winkler, director of boxing at the "Y' expects a packed house for the tilts.

Among the boxers who will appear are Arthur Butler, Charles Kaiser, Jess Smith and Charles Havard. On the wrestling program are such fine performers as George Katsular, Jack Pession, George Ruvells and George Harutumian. Besides the wrestling and boxing a number of exhibitions in the art of self-defense, jiu-jitsu and catch-ascatch-can wrestling will be given by well-known experts. The wrestling will be limited to ten-minute bouts and the boxing to three-round contests. Dr. P. A. Mullikin, wrestling instructor, will give a special exhibition with four opponents in which he will attempt to throw each of the four within fifteen minutes.

GAINS REPORTED

The automotive industry continues unquestionably the market leader and if anything, is going stronger. Railroad equipment and line pipe buying has improved moderately, but building steel as for several weeks is better in the prospect than in actual awards Tractor production is broadening at a time when tillage tool outout is subsiding. Secondary real buying is opening upearly.

andary real buying is opening up early.

Steel making is little changed at Chicago at \$3 per cent and at Pittsburgh at 80. Because sheet mills have crossed 90 per cent the first time this year and most tin-plate makers are at capacity, production in the Mahoning Valley is up. Steel Corporation subsidiaries are averaging 90 per cent, a gain of 1½ points this week and the entire industry 83.

NEW YORK, March 29.-The NEW YORK, March 29.—Decision further acthack in prices develop-

of the clearinghouse committee to discontinue publication of its weekly summary made public at noon each Saturday and for long years looked upon as an unerring guide to the local money situation, caused mo surprise in financial quarters. Since the advent of the Federal Reserve this compliation has rapidly lost its former importance and has been rendered obsolete. Its publication each Saturday has been in a word more or less of a duplication of what has appeared in the weekly New York Reserve Bank in the member-bank reserve item.

Granger Rails Sear

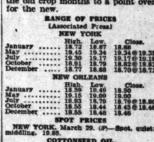

With Great Northern and Northern Pacific, long known as the "Hill roads" crossing par for the first time in a decade and reaching the highest levels since 1918, speculative interest swung sharply toward the "granger" rails as a group. Northwestern, Canadian Pacific, Union Pacific and the St. Pauls all were responsive to brisk demand. As a group the carriers so far this year have been prominent as showing consistent gains in operating results compared with recent years and with the crop outlook so far as can be seen now promising interest in them is on the increase.

Mellon View on Gold Helps

An improved tone developed in stocks following the publication around noon of Secretary Mellon's statement that the heavy export movement of gold, which had aroused considerable discussion of the money situation would not likely in the stock market monopolizing the stetention of the trading element generally.

Trading was fairly active, but mostly confined to the cotton trade interests almost exclusively. The dragging tendency of the market of the last few days was continued from some further scattered liquidation and southern scaling. This predominated just enough over the trade buying support to set prices back about 5 points for the active trading months during the afternoon from yesterday's closing quotations after there had been a rise of 5 to 7 points during the early trading.

On that advance which we have the prominent as showing consistent gains in operating results of

TWENTY-FIVE YEARS AGO TODAY

WENTY-FIVE years ago today Bankers Trust Company was born.

Its first banking quarters were in two rooms on Liberty Street. In a deeper sense, however, its birthplace was in the mind of Henry P. Davison.

His active brain conceived the idea. His energy materialized it. Through his character and personality he brought together twenty-one of the ablest bank executives of the day to form the first Board of Directors. Now, at the end of a quarter of a century, many of those men are alive to see their faith and energy rewarded through the growth of a great financial institution.

This birthday offers a fitting opportunity to render grateful acknowledgement to the me who organized the bank and to those other forces which have helped to build into its structure an enduring strength and vitality.

We are indebted to the loyalty and industry of hundreds of men and women within the organization who have given their best without reserve. They have written here the records of their lives and what they have written will endure.

We are indebted to the banks, merchants and industrial companies of the nation, and to thousands of individuals, whose friendship has been born of mutual service, cemented with confidence and strengthened by time. Through their cooperation we believe that alliances, rather than accounts, have been created.

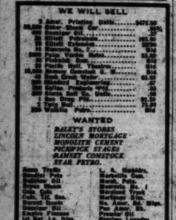

We acknowledge our debt to the City of New York whose greatness has been achieved by the youth of America. From the west, south and north they have come, seeking opportunity. The city which they helped to build with their energy and vision belongs to the nation from which they sprang. We are proud to have played a part in its growth.

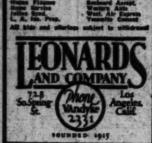

And, finally, to the spirit of Henry P. Davison we desire to pay deep tribute of gratitude and affection. In the hearts of those who knew him there lives the memory of a helpful and devoted friend. Into his creed were written loyalty, humanity and sincerity in dealing with his fellowmen.

By such men and through such influences this bank has been built. In acknowledging our debt to them we dedicate ourselves to the future, confident in the belief that we can meet its challenge.

Appears to Sealinst Male 2. Appears to the Republican to the Re

States," Mr. Requa remarked.

"The answer is simple. Republicans of this State are laying the foundation and preparing the organization for the fall campaign, confident that Secretary Hoover will be nominated and elected. They are sure he will be because of the overwhelming sentiment manifested upon every hand in his behalf.

"The loyalty of Californians to California also is involved in this campaign. The State should give Hoover a very large vote at the primary; first, to show confidence of the people, and, second, to prove to the rest of the United States that California is whole-heartedly for Hoover. Wilbur Proposal to Swap Elk Hills Oil Lands Held Vital to Future of Harbor

the request by Secretary of the Navy Wilbur for authority from Congress to exchange government oil lands of the Elk Hills Naval Oil Reserve for petroleum lands within that reserve now owned by the Standard Oil Company of California, as a "strategic measure."

Secretary Wilbur explained before the House Committee on Naval Affairs that such action is necessary "in order to consolidate and protect the oil lands of the government."

He proposed to trade certain areas on the outer edge of the Elk Hills reserve to the Standard Oil Company for sections in the heart of the district which are owned by the company. As an alternative, Mr. Wilbur suggested that the Navy be given the authority of either exchanging the lands on the outer part of the reserves for the Standard Oil sands in the interior, or to pay for the Standard Oil land by royalty oil pumped from the neighboring Navy reserve at Buena Vista.

IMPORTANT TO CHTY

Outcome of the proposal is of prime importance to Los Angeles, it was revealed yesterday by Lieutenant-Commander Irwin F. Landis,

extracted.

The policy of the Navy, it was
pointed out by Mr. Wilbur, is to
conserve the oil in the ground for
national defense purposes, or for
the future when commercial suppiles are depleted. This policy, he
said, is of benefit to the Standard

the Elk Hills reserve.

The Secretary of the Navy also
will ask from the Appropriations

will be necessary, Mr. Wilbur said,
the Navy destring it as fortification
in case private companies attempt
to drain the Navy reserves by neighboring wells.

The present plans call for the extension of the present ditch to a point west of Brand Boulevard, to protect the main residence and business portion of the city from the danger of flood waters breaking inundating the city. Proposals ad-vanced by several individuals and organizations, calling for the con-struction of a boulevard along the Red Rose struction of a boulevard along the wash, were ignored by the Council. It was pointed out in the resolution that much of the flood water carried by Verdugo Wasn originates in county territory and the City Council does not consider it advisable for the city to assume the responsibility for future flood damage by taking the construction of the flood-control channel out of the hands of the county.

IN AVIATION PICTURE

Kay Bryant, recent recruit to the screen, returned this week from a month's visit to her mother and her old home in Chicago, and was almost immediately called by Fox studios, where she previously played comedy leads to enact a small part of a schoolgirl in Howard Hawke's picture dealing with commercial aviation. Miss Bryant is now playing an Apache dancer at another studio, for which part she had to hide her light (need) under a bushel (or less of dark wig.)

CONTEST CLOSES SATURDAY
With the passing of midnight,
Saturday, Samuel Goldwyn's offer
of \$2500 for a new film idea will
close. No stories or plays, or suggestions of stories of plays, will be
read if the envelope inclosing them
bears a postmark later than the
time mentioned. Thousands upon
thousands of ideas have been received from overy State in the
Union and from a score of foreign
countries. A corps of competent
judges are busy assembling the material for the final judgment of
Samuel Goldwyn, en route home
from Europe.

"FRENCH MODELS" HERE

"FRENCH MODELS" HERE

"French Models," playing this week at the Pollies, is one of those real buriesque shows that the burlesque fans want to see, the management tells. Henry Sherr is a Hebrew comedian, sharing honors with Charies Fritcher, cocentric comedian. Others are Dorothy Walton, Cecil Miller, Lee Murphy, thitty chorus girls and the "Grede Revue" of twenty colored performers.
